ARTICARE

MSM + G LUCOSAMINE + CHONDROITINE + VITC + PLANT EXTRACTS

Articare is a food supplement containing several phytonutrients including a patented extract of turmeric "TurmiPure Gold®", boswellia titrated in boswellic acid and harpagophytum titrated in harpagosides. These plant extracts are combined with chondroitin sulphate, glucosamine, MSM and vitamin C. A study [1] demonstrated that chondroitin of marine origin contained less soluble proteins and impurities (nucleic acids) than chondroitin of bovine, porcine or alevine origin.

HEALTH CLAIMS

- ✓ Vitamin C contributes to the normal formation of collagen to ensure normal cartilage function;
- ✓ Turmeric helps maintain normal functioning and bones;
- ✓ Turmeric helps maintain normal joint function. Boswellia and Ginger help maintain joint comfort;
- ✓ Harpagophytum helps maintain joint and tendon flexibility and maintain mobility.

RECOMMENDATIONS

Product reserved for adults. Do not use in pregnant or breastfeeding women or in children under 18 years of age. Do not use in case of gastric or duodenal ulcer or gallstones. Consult your doctor or pharmacist in case of concomitant use of anticoagulants. A doctor's opinion should be sought in the event of liver or gallbladder disease or in the event of concomitant use of medication. Keep out of the reach of children. Store at room temperature and in a dry place. Do not exceed the recommended daily dose. Do not use in people allergic to fish, crustaceans or molluscs.
