

## COENZYME Q10

## COENZYME Q10 - UBIQUINONE 100MG

Ubiquinone is produced by natural fermentation of bacteria (*Rhodobacter sphaeroides*). **Coenzyme Q10** contains 100mg of ubiquinone per capsule. Perfectly suitable for vegetarians.

## FEATURES

✓ Coenzyme Q10 is involved in the production of cellular energy within our mitochondria.

## ADVANTAGES OF THE FORMULA

- ✓ Stable Coenzyme Q10 in the ubiquinone form;
- ✓ Resulting from the natural fermentation of glucose by yeasts (*Rhodobacter sphaeroides*);
- ✓ Natural galenic form (pullulan) and excipient (rice starch).

## RECOMMENDATIONS

This dietary supplement does not replace a varied and balanced diet and a healthy lifestyle and is not a drug. Consult your doctor in case of simultaneous use of anticoagulants. Keep out of the reach of children. Store at room temperature and in a dry place. Do not exceed the recommended daily dose.

## NATURAL FOOD SUPPLEMENT

CONTENT PER CAPSULE  
COENZYME Q10

WEIGHT  
415mg
